Re: Findings Reports since 2013 for CAKY/ResCare/BrightSprings Facilities (ORR 19-330)

Dear Mr. Maples:

In our letter to you dated July 26, 2019, we informed you that we anticipated that the documents responsive to your request submitted to the Department for Medicaid Services (DMS) would be available on or before August 15, 2019. However, DMS has been informed that the review of the documents has not been completed. DMS will notify you immediately as soon as the information is available for release. Pursuant to KRS 61.872(5), the reason for the delay in production of the records is the extensive volume of total reports and size of each report requires additional time for redaction.

If you should have questions or need further assistance, please contact Amy Perry at (502) 564-8196.

Sincerely,

for Amy Richardson, Assistant Director  
Division of Fiscal Management
